INITIATIVES ON e- PAYMENT

The e-payment system in all Pay & Accounts Offices of Ministry of Agriculture & Farmers Welfare, Ministry of Fisheries, Animal Husbandry & Dairying and Ministry of Food Processing Industries had been successfully implemented under phase-II from 2011 onwards.

e- Payment System

Since, the IT Act, 2000 recognizes the digitally signed documents or electronic records digitally authenticated by means of an electronic method or procedure in accordance with the provisions of section 3 of the Act, the Controller General of Accounts had developed a facility in COMPACT for electronic payment (e-payment) through digitally signed electronic advices. This had replaced the existing system of payment through cheque while leveraging the COMPACT application running in all Pay & Accounts Offices in all Ministries/ Departments of Central Government.

The e-payment system developed was a fully secured web based system of electronic payment services which introduces transparency in government payment system. Payment of dues from the government under this system were made by credit of money directly in to the bank account of payee through a digitally signed e-advices generated from COMPACT through the 'Government e-payment Gateway (GePG)' on a secured communication channel. Necessary functional and security certification were obtained from STQC Directorate for its roll out. The system was implemented in all Central Government Civil Ministries/ Departments in a phased manner.

Government e-payment Gateway (GePG)

Government e-payment Gateway (GePG) is a portal which enables the successful delivery of payment services from Pay & Accounts Offices for online payment transactions. The portal is developed by the Office of CGA and has got STQC certification from Department of Information & Technology. The GePG serves as middleware between COMPACT application at PAOs and the Core Banking Solutions (CBS) of the banks/RBI and facilitates automating the manual registration process, e-payment advice and e-scrolls communications.

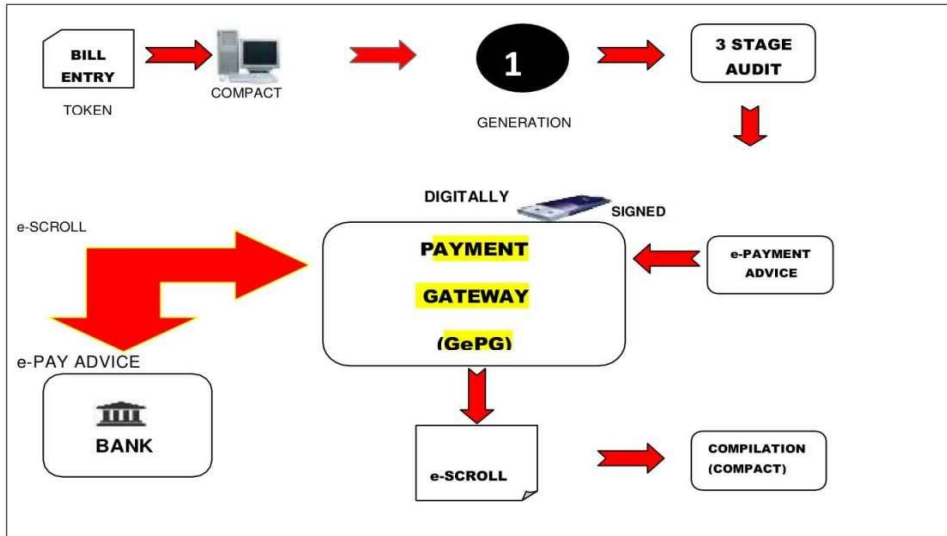

Highlights of e-payment and GePG System

High Security Standards and System Logs of Transactions.

The PAO's applications have the following security requirements in place for effective e-payments.

- 128 Bit PKI encryption.
 - Integrity of Information: Hash Algorithm (SHA1): security standard are designed to ensure confidently of data, authenticity of data and integrity of data being conveyed on the internet by PAOs to the bank.
 - Non-repudiation- Key generation/ Digital Signature based on 128 Bit PKI Infrastructure (as recommended by RBI)
- Digitally signed e-payment Authorization along with Itemized tracking of each e-payment authorization and automated reconciliation.

Process Flow of e-payment System

Registration of digital signatures:- The Pay & Accounts Officer obtains digital signature from the NIC Certifying Authority.

The digital signatures obtained from the NIC Certifying Authority are stored in a USB Token called i-Key. The PAO registers the digital signatures with GePG portal through the Principal Accounts Office of the concerned Ministry/ Department. The concerned banks download the PAOs digital signatures from the GePG portal. Digital signatures of the authorized signatory of the concerned banks are also uploaded on GePG portal for authentication of e-payment scrolls provided to PAOs by the banks.

Submission of Bill:- The Drawing and Disbursing Officers (DDOs) submit bills for e-payment along with mandate form and details of payee viz. IFSC Code of Accredited Bank Branch, A/C Number, Name, Address, etc., to the Pay & Accounts Officer (PAO). A token number is generated from COMPACT and communicated to DDO.

Bill Processing:- The bills are processed in the Pay & Accounts office in COMPACT System.

Digital Signatures:- Once the bill is passed by the PAO, it is digitally signed using the secure I-Key and e-payment authorization is generated by the system.

Uploading authorization on GePG:- The e-payment authorization file (e-advice) is uploaded on the GePG in a secure environment. Concerned banks download the e-advice from GePG and after necessary verification of digital signature etc, the bank would credit the beneficiaries' account using CBS/NEFT/RTGS as applicable.

e-Scrolls:- A digitally signed electronic scroll is generated and uploaded by the bank on GePG for all successful e-payments. e-Scrolls are downloaded by the PAOs and incorporated in the COMPACT system for reconciliation and other MIS purposes.

Advantages of e-payment

- Saving in time and effort due to online fund transfer using digitally signed unique e-authorization ID.
- Secure mode of payment.
- Transparency in payment procedure.
- Elimination of physical cheques and their manual processing.
- Elimination of constraints of manual deposit of cheque by the payee into his bank account.
- Enhancement of overall payment processing efficiency.
- Online auto-reconciliation of payments.
- Efficient compilation of accounts.
- Complete audit trail of transactions at all level.

PUBLIC FINANCIAL MANAGEMENT SYSTEM (PFMS)

Public Financial Management System (PFMS) initially started as a Plan Scheme named CPSMS of the erstwhile planning commission in 2008-09 as a pilot in four states of Madhya Pradesh, Bihar, Punjab and Mizoram for four Flagship schemes e.g MGNREGS, NRHM, SSA and PMGSY. After the initial phase of establishing a network across Ministries / Departments, It has been decided to undertake National roll-out of CPSMS (PFMS) to link the financial networks of Central, State Governments and the agencies of State Governments. The scheme was included in 12th Plan initiatives of erstwhile Planning Commission and Ministry of Finance. Presently PFMS is the scheme of Department of Expenditure, Ministry of Finance and being implemented by O/o Controller General of Accounts across the country.

2. As per Ministry of Finance, Department of Expenditure, OMNo.66 (29) PF-II/2016 dated 15/07/2016, Hon'ble Prime Minister has emphasized the need for improved financial management in implementation of Central Plan Schemes so as to facilitate Just-in-Time releases and monitor the usage of funds including information on its ultimate utilization. The Public Financial Management System (PFMS) is administered by the O/o controller General of Accounts in the Department of Expenditure which is an end-to-end solution for processing payments, tracking, monitoring, accounting, reconciliation and reporting. It provides the scheme managers a unified platform for tracking releases and monitoring their last mile utilization.

3. In order to abide by the directions to implement Just-in-time releases and monitor the end usage of funds, it has been decided by Ministry of Finance to universalise the use of PFMS to cover all transactions/payments under the Central Sector Schemes. The complete monitoring of these schemes require mandatory registration of all Implementing Agencies (IAs) on PFMS and mandatory use of Expenditure, Advances & Transfer (EAT) module of the PFMS by all IAs. The Implementation Plan covers the complete universe of Central Sector Schemes, which inter-alia requires the following steps to be taken by each Ministry/Department:-

- (i) All central schemes have to be mapped /configured and brought on the PFMS platform.
- (ii) All Implementing Agencies (IAs) receiving and utilizing funds needs to be mandatorily registered on PFMS.
- (iii) Usage of PFMS modules has to be made mandatory for all registered agencies for making payments, advances and transfers.
- (iv) All Departmental Agencies incurring expenditure in respect of Central Sector Schemes must register and compulsorily use the PFMS Modules.
- (v) All Grantee Institutions have to adopt PFMS modules for making Payments/Transfers/Advance from Grants received from the Central Govt. This will enable generation of on-line Utilization Certificates for claiming funds from the Central Government.

- (vi) Ministries have to take an action for integrating their respective systems/applications with the PFMS.
4. The Central Project Monitoring unit (CPMU) of PFMS (Shivaji Stadium, New Delhi) assists the Central ministries/Departments in registration of Implementing Agencies for the Central Sector Schemes. Thereafter, Ministries are required to deploy/allocate their own resource persons to support Departmental Agencies as well as Grantee Institutions. The full roll-out of PFMS requires fresh assessment of resources, including hardware, software, connectivity and technical resources to facilitate implementation at all levels of hierarchy.
5. It is the duty of Chief Controller of Accounts (CCAs) / Controller of Accounts (CAs) to draw up an Action Plan to facilitate full roll out of PFMS in their respective Ministries in consultation with the Secretary/Financial Advisor of the Ministry concerned.
